

REQUIREMENTS FOR A STUDENT TEACHER PERMIT

The Student Teacher Permit is issued to an unlicensed individual enrolled in a Hawaii state approved teacher education program to serve as a student teacher. This permit is only for those individuals enrolled in a Hawaii state approved teacher education program. An individual does not require a student teacher permit if they already hold an emergency hire permit. A student teacher permit can be renewed as many times as a preparation program recommends an individual.

- (1) Your Hawaii state approved teacher education program will submit your name directly to HTSB to verify that you are a student teacher; and
- (2) Clear the professional fitness check
