New Business Item 14-27 Introduced 2/20/2015 Deferred 2/20/2015 Approved 6/19/15

TITLE: Modification of the State Approval of Chaminade University of Honolulu's Special Education Teacher Education Program

The Hawaii Teacher Standards Board approves the following modification to the Chaminade University of Honolulu's State Approval of Teacher Education (SATE) approval for their Special Education Teacher Education Program:

- The Chaminade University of Honolulu's Special Education Program may allow teacher candidates to declare a program focus of either Special Education Mild/Moderate K-6 or Special Education Mild/Moderate 6-12 in addition to their current program approval for Special Education Mild/Moderate K-12. A letter and matrix from Chaminade University of Honolulu explaining program modifications to accommodate a K-6 or 6-12 focus are attached.
- Candidates completing the Special Education Mild/Moderate program with a K-6 focus, including student teaching at the K-6 level, will be recommended for licensure in Special Education Mild/Moderate K-6.
- Candidates completing the Special Education Mild/Moderate program with a 6-12 emphasis, including student teaching at the 6-12 level, will be recommended for licensure in Special Education Mild/Moderate 6-12.
- Candidates recommended for Special Education Mild/Moderate K-12 after must have student teaching experience at both the elementary and secondary levels.

The Board makes this modification to address the needs of teacher candidates who are employed full-time as Special Education teachers and unable to accommodate placements at both K-6 and 6-12 levels as required for recommendation for the Special Education Mild/Moderate K-12 license.

A letter shall be sent to the Chaminade University of Honolulu's Education Department on behalf of the Board to communicate this decision.

To Whom It May Concern:

Chaminade University of Honolulu is currently approved for a Masters' in Teaching in Special Education K-12. We are now asking the HTSB Executive Board for approval to offer Special Education Elementary (K-6) or Special Education Secondary (6-12) programs. There will be no major curriculum changes for students seeking a K-6 or 6-12 licensure although some assignments will be modified to focus on either the K-6 or 6-12 grade level. The proposed modifications to the curriculum are outlined in the attached matrix. The modifications encourage students to focus on school-level curriculum but do not alter the MAT in SPED curriculum approved by HTSB.
