Hawaii Teacher Standards Board:

Brigham Young University-Hawaii is submitting a Letter of Intent for the following course:

Alternative Licensure Program (ALP) – K-12

This course was previously offered until 2009 when the number of applicants dropped and maintenance of the program was unproductive. At the present time, BYUH has received sufficient inquiries to make the ALP a viable program in the School of Education.

Reactivating the Alternative Licensure Program (ALP) will enable outstanding emergency hire teachers who hold a bachelor's degree but did not pursue a SATE program, to earn their Hawaii State Teacher's license. The ALP program also will support the schools in complying with the No Child Left behind (NCLB) goal of 100% highly qualified faculty.

BYU-H would like to thank the Hawaii Teacher Standards Board for their continual support and look for approval to continue the ALP program. If you have questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "John Bailey". The signature is fluid and cursive, with the first name "John" being larger and more prominent than the last name "Bailey".
