Emily Frisch, Licensing Specialist	Raymond Rodriguez, Licensing Specialist
Tracey Idica, Licensing Specialist	Elaine Hutchinson, Secretary

**CALL TO ORDER:**

Chairperson Kawazoe called the meeting to order at 12:00 p.m.

**OPENING REMARKS:**

Chairperson Kawazoe shared information regarding procedures for virtual committee meetings:

- The following board members, in addition to the Chairperson, are participating in today's virtual board meeting and have established audio and video connection.
- Board members shall be visible and audible to other members and the public during meetings.
- The board meeting will be recorded.

**ROLL CALL TO ESTABLISH QUORUM:**

Chairperson Kawazoe called the roll and established quorum.  
At roll call, twelve members were present, two were absent.  
One of the two absent members arrived at 12:28 p.m.

**DISCLOSURE FROM BOARD MEMBERS AT PRIVATE LOCATIONS:**

Chairperson Kawazoe shared information regarding private location disclosure:

- Board members shall be considered present at the meeting for the purpose of determining compliance with the quorum and voting requirements of the board. Board members who are participating remotely from their homes or other private locations must announce who is at the private location with them.

Chairperson Kawazoe asked board members if they have anyone present with them at their non-public site that they need to disclose.

- Miyamae disclosed that she is in an enclosed room by herself but there were three individuals in other parts of the private location. They are unable to hear her speak nor her participation in the meeting.

**ADDITIONAL PROCEDURAL INFORMATION:**

Chairperson Kawazoe shared additional information regarding meeting protocols and procedures:

- All board members wishing to speak should raise their hand and the chairperson will be notified to call on the person. The speaker must state their name prior to making their remarks.
- Votes will be conducted by roll call so that it is clear how each board member voted.
- Members of the public who have signed up to testify or would like to testify online must be logged in to Zoom using the same name they used to sign up for testimony. Please use the chat box to provide your name and agenda item(s) you are testifying on. Testifiers today will have two (2) minutes to testify.
- Testifying online can be challenging due to technical issues. The chat box is being monitored by HTSB staff, and the Chairperson will be notified that you would like to testify, and you will be called on to give your testimony at the appropriate time in the agenda.
- Written testimony received more than twenty-four (24) hours in advance of the meeting has been uploaded to the online meeting agenda for members to review.
- A meeting held by interactive conference technology shall be recessed for up to thirty (30) minutes when audio communication cannot be maintained with a quorum of members, provided that the meeting may reconvene when only audio communication is reestablished.

**ANNOUNCEMENTS:**

- Chairperson Kawazoe recognized the departing board members and thanked them for their service and hard work.
- Chairperson Kawazoe congratulated the reappointed board members and thanked them for their continued service.
- Chairperson Kawazoe welcomed a board member whose term begins in the next school year on July 1, 2022.

**APPROVAL OF MINUTES:**

The minutes of the March 4, 2022, meeting were approved as written.  
(Jenkins/Murashige)

**INTERIM EXECUTIVE DIRECTOR'S REPORT AND LEGISLATIVE UPDATE:**

- Interim Executive Director Villalobos submitted her report to the board as written.
- Legislative Update:
  - House Bill 2284 Hawaiian Immersion bill is no longer alive.  
Teacher preparation programs at UH Hilo and UH Manoa will receive "Grow Your Own" funding for Hawaiian Medium and Immersion Teacher Candidates which will satisfy this bill's intention so there is no need for that bill at this time.
  - On March 17, 2022, Villalobos and Legislative Committee Chairperson Dawn Raymond went to the Capitol to hear the following three (3) bills:
    - SB 2819 Addresses Salary Compression, Schedules
    - SB 2820 Regarding Differentials
    - SB 3209 Regarding the Twenty-one (21) Hours

Villalobos had submitted testimony on behalf of the board for these three bills which correlate with HTSB's 2022 Legislative Priorities, Mission and Vision.

All three bills passed the Senate committee hearings and must go on to conferencing. Today is the deadline and as of right now, SB 2819 has passed conference. We will see on the other two bills by today's deadline.

- The board members whose terms begin on July 1, 2022 were confirmed by Governor's Message (GM) bills.

**LICENSING UPDATE:**

Licensing Specialist Rodriguez reported that:

- After having thousands of applications and notifications, HTSB brought it to zero. The response time to applications and notifications is currently between 24 to 48 hours.

- HTSB has been able to contact teachers who might be teaching without a license or permit through collaboration with department administrators and their staff. It was through this collaboration and support that we were able to remedy this right away.

**FINANCIAL UPDATE:**

Murashige reported that:

- As of March 31, 2022, we are three-quarters of the way through our fiscal year.
- He reviewed the HTSB budget in comparison to the year-to-date expenditures for each expense category.
- As of the third quarter of SY2022, the personnel and operational expenses are under the budgeted amounts.

**TESTIMONY, PETITIONS FROM THE PUBLIC: None**

**PRESENTATION:**

Educational Testing Service (ETS) Annual Update:

- Mr. Jason Dietrich, ETS Senior Client Relationship Manager, ETS Professional Educator Programs
  - ETS Overview & Background
  - Recent Program Developments
  - Test Development, Administration, Regeneration: Hawaii Specific
  - Supporting Clients, Higher Education and Candidates
  - Stay In Touch!
  - Questions and Comments?

**TOPIC: TEACHER STANDARDS COMMITTEE:**

**DISCUSSION/Action:**

Committee Chairperson Sanders reported that the committee reviewed and recommended for approval the following New Business Items as written, that were adopted by the HTSB. (See Attachments)

- **NBI 21-45 Revised:** License Affirmation
- **NBI 21-46:** License Affirmation

**DISCUSSION/UPDATE:**

Committee Chairperson Sanders reported that Interim Executive Director Villalobos provided a License Renewal Audit Update to the committee.

- Interim Executive Director Villalobos reviewed the License Renewal Audit for the full board.

- The License Renewal Audit is done annually per Hawaii Administrative Rules (HAR) §8-54-9.8.
- The audit started in December 2021 and was completed in February 2022.
- One hundred eighty (180) teachers were audited.
- The audit followed NBI 10-65 Revision 2: Procedures for License Renewal Audit, which was approved on 8/26/2011.
- The next audit will follow NBI 10-65 Revision 3: Procedures for License Renewal Audit, which was approved on 3/04/2022. This third revision was done to better align the process.
- HTSB used revised renewal documents to assist with renewal verification.
- Six (6) teachers had to surrender and apply for a Provisional License because they could not meet HTSB's license renewal requirements.
  - A Provisional License is a full license in the State of Hawaii. There is no pay difference currently between a Provisional, Standard and Advanced license.
  - Once they have or meet the renewal or other requirements, they can apply for a Standard license.
- A chart of the number of license renewals done over the years from 2017 to 2021 is included at the bottom of the audit report.

**TITLE: HTSB's Executive Director Recommendation to the Board of Education**

---

The Hawaii Teacher Standards Board approves the recommendation to appoint Felicia Villalobos for a four-year term, with annual reviews, as provided in HRS §302A-801 (f), as HTSB Executive Director of HTSB, effective July 1, 2022, through June 30, 2026. The HTSB Chairperson, or their designee, shall present the Board's selection to the Board of Education (BOE) for approval at their June 16, 2022, Board meeting.

The HTSB approves the following compensation for the Executive Director:

Effective July 1, 2022, the Executive Director will receive an annual salary as agreed upon by the Board in executive session. The salary range will be in alignment with the Hawaii Department of Education's 12-month Educational Officers Annual Salary Schedule.

The salary range will be: From EO10 Step 3 to EO Step 6.

The exact salary will be part of the contract negotiations once the appointee is approved by the BOE.

If the recommended nominee is approved by the BOE, the work per "NBI 21-04: Permitted Interaction Group Relating to the Search of HTSB's Executive Director" will be completed.

*Pursuant to Hawaii Revised Statutes (HRS) §302A-801(f):*

*"The Board may employ an executive director for a term of up to four years, who shall be appointed by the Board of education without regard to chapters 76 and 89; provided that the Board shall submit a nominee to the Board of education for approval or disapproval; provided further that if the nominee is disapproved, the Board shall submit another nominee to the Board of education for approval or disapproval."*

*The Board may terminate the executive director's contract for cause; provided that the Board shall submit the recommendation for termination to the Board of education for approval or disapproval."*

**To:** Felicia Villalobos, Interim Executive Director, Hawai'i Teachers Standards Board

**From:** Christina Keaulana, SPED Coordinator, Leeward CC

**Date:** December 20, 2021

**Re:** Content Knowledge Verification for Licensure for Advanced Professional Certificate in SPED

Leeward CC requests to offer our Advanced Professional Certificate in Special Education K-12 teacher candidates two options to meet the HTSB's Hawai'i Educator Preparation Programs Verification of Content Knowledge for Licensure ([NBI-12-29](#)):

- Thirty (30) semester hours in the content field from an accredited institution of higher education, at least fifteen (15) of which must be upper-division level; **OR**
- Passing score on licensure test adopted by the Board in the content field—151 or higher on Praxis 5354- Special Education: Core Knowledge and Applications

The proposed Academic Plan to complete the APC in SPED via the two pathways are outlined below:

### **OPTION 1: APC in SPED +30cr Content Area**

#### **Coursework Sample Academic Plan**

*(15cr. upper division credits are required courses)*

<b>Fall</b>	<b>Course Description</b>
<b>(3cr) ED 282: Collaboration and Teaming</b>  <b>ED 282: Faculty</b> <u><a href="#">Dale Castro, EdD</a></u>	This course is designed to provide students with knowledge of collaborative and co-teaching models of instruction and to prepare them to implement these models in their schools and classrooms. While co -teaching can be a rewarding experience for students and professionals, understanding its elements and foundations is critical in creating a positive learning environment for students. Co -teaching requires not only pedagogical skill on the part of the participating teachers, but also a willingness to share and collaborate in the teaching of all students in special education and inclusion classrooms. This course is consistent with state and local educational goals including the focus on activities that participants will apply to real - world settings.
<b>(3cr) ED 283: Partnerships with Culturally and Linguistically Diverse Families</b>	This course focuses on the skills necessary for working effectively with families of diverse students including those with disabilities. Instruction will include family systems theory,

<b>ED 283: Faculty</b> <b><u>Saint-Marie Gough, MEd</u></b>	characteristics/functions of families, Individuals with Disabilities Act (IDEA) and requirements for communication and collaboration with diverse families.
<b>(3cr) ED 330: SPED Law and IEP Development</b>	This course will give students the opportunity to review special education law, with an emphasis upon Hawaii Administrative Rules, Chapter 60 and the 2004 Reauthorization of IDEA. Heavy emphasis will be on Individual Education Program (IEP) development through examination of required elements of IEPs and simulated IEP team scenarios. Students will be introduced to state and federal special education rules and regulations, practical application of the law, ethical codes and related professional standards. The course will also discuss Section 504 and the impact of key laws upon students with disabilities.
<b>(3cr) ED 331: SPED Assessment</b>	This course focuses on assessing the exceptional child, including an examination of evaluation procedures, from pre-referral intervention, eligibility/placement/ program decision-making to progress monitoring of scientifically-based instructional interventions based on Response to Intervention (RTI). Emphasis will be on using assessment information to determine strengths and needs to design instruction related to Individualized Education Program (IEP) goals and state standards, and to evaluate the effectiveness of that instruction using progress-monitoring techniques. This course will introduce students to commonly used tests and evaluation systems used in public school special education programs.

<b>Spring</b>	<b>Course Description</b>
<b>(3cr) ED 284: Foundations of Inclusion in Teaching</b>  <b>ED 284: Faculty</b> <b><u>Lilian Rebamonte-Smith, MEd</u></b>	This course explores historical and contemporary educational contexts, laws, policies and practices that support special student populations. Curriculum is focused on the demonstration and application of supportive and age appropriate instructional goals, experiences and assessments. Special populations in need of an inclusive setting include all students, but this course is specifically focused on Native Hawaiians, students from low-income communities, and all students with an

	Individualized Education Program (IEP) and special needs.
<b>(3cr) ED 332: ELA Instruction &amp; Interventions</b>	This course introduces the developmental continuum for literacy. Prepares students to assess students' abilities; to select appropriate instructional strategies and to design effective instructional programs leading to increased listening, speaking, reading and writing competencies for all children; and assessment strategies to evaluate student progress.
<b>(3cr) ED 334: Participating in a Professional Community</b>	This course explores the organizational, personal, and interpersonal aspects of working as a teacher in schools. Preparation for membership and leadership in a professional learning community and for continuing professional growth.

Summer	Course Description
<b>(3cr) ED 285: Intro to Classroom Management</b>  <b>ED 285: Faculty</b> <u><a href="#">Michael Cawdery, PhD</a></u>	An introductory course which offers the student exposure to the various issues of classroom management. The professional role of the teacher, development of positive and inclusive classroom culture, planning for effective instruction, and proactive approaches to supporting student behaviors and community relationships will be addressed. Learning will focus on the development of values oriented and organized learning environments. Students will learn how to develop classroom discipline and individualized behavior plans. Behavioral assessment, strategies and interventions will be introduced. Learning styles, theory, instructional assessment, planning and delivery will be explored.
<b>(3cr) ED 289: Educational Psychology</b>  <b>ED 289: Faculty</b> <u><a href="#">Jeff Judd, PhD</a></u>	This course introduces students to major concepts and principles in the field of Educational Psychology that form the foundations of learning and instruction. Students will examine various development domains and learning theories and translate this knowledge into effective teaching practices for motivating learners with diverse needs. While traditionally educational psychology focuses on the teaching profession, this course is open for all students interested in developing a deeper understanding on how humans learn.
<b>(3cr) ED 335: Educational Technology for the Inclusive Classroom</b>	This course presents an overview of the variety of instructional technology options and considers how these are effective across the curriculum. Educational technology includes the many tools

	and methods in which technology is used within an educational setting. Students will learn about current trends in education that are directly related to technology. Emphasis is placed on reaching different types of learners, considerations of integration, and assessing effectiveness of technology use for students with special needs.
--	---

Fall	Course Description
<b>(3cr) ED 336: Student Teaching Portfolio</b>	This course guides students through the process of providing documented evidence of teaching proficiencies aligned with initial preparation standards from Hawai'i Teachers Standards Board, the Council for Exceptional Children, and the Interstate Teacher Assessment and Support Consortium (InTASC). The portfolio will be assessed as part of recommendation for licensure in SPED K-12 in the state of Hawai'i.
<b>(1cr) ED 393S: Field Practicum II (Student Teaching)</b>	Practicum II is the supervised practicum where knowledge of content and strategies for best teaching practices will be integrated and polished. Through extensive mentoring and performance evaluations completed by program faculty, teacher candidates will be well prepared to meet the high standards for licensure and practice. Practicum II will provide formal supervision for the teacher candidate as they intern in a classroom. Formal observations will be completed by an Education faculty member.

Introduced April 29, 2022

Approved April 29, 2022

**TITLE: Consideration of Provisional Approval of the University of Hawaii at Manoa's College of Education Added Field Licensure TESOL Program**

---

The Hawaii Teacher Standards Board accepts HTSB Review Team recommendation to grant provisional state approval to the University of Hawaii at Manoa's College of Education in Curriculum Studies Multilingual Multicultural Professional Practice (MMPP) Graduate Certificate to be a TESOL added field to an existing Hawaii license.

The state approved teacher education (SATE) review team recommends provisional approval for the license fields of TESOL K-6, 6-12 and K-12 added field program.

**Program Strengths**

- The coursework is appropriate and valuable to teachers who are adding the field of TESOL (K-6, 6-12 and K-12).
- The assessments submitted by the program have the potential to provide strong evidence for meeting all pertinent standards. Each assessment is supported by a well-written rubric.
- All faculty listed are suitable for this field of study.

**Any Weakness or Recommendation for Improvement**

- None

The program may recommend completers for added field licensure for the following license fields:

- TESOL K-6, 6-12 and K-12

The program may also recommend previous program completers if they meet the same criteria required by the current program approved for licensure.

This program shall be included in the provider's 2028 accreditation review.

In particular, this course will serve as the capstone class for the graduate certificate during the final semester. Hawaiian language and culture will be foundational as well as a focus on multiple languages. This course will provide an opportunity for classroom teachers to experience, plan and apply solutions to multilingual multicultural issues within their professional contexts.</p>
	<p>EDCS 696 Syllabus (<a href="#">link</a>)</p>

As an Add-A-Field licensure, the MMPP TESOL courses are geared towards K-12 in-service teachers who will be working in their own classrooms. Teachers will have the opportunity to practice applying the knowledge and skills taught in the MMPP with K-12 MLL/EL students in the specific assignments below. If a teacher is not working with an MLL/EL student, arrangements will be made to provide opportunities to practice applying the knowledge and skills. Further accommodations are made below in the assignments.

<p><b>EDCS 644</b></p>	<p><b>MLL Case Study Inquiry and Lesson Development Project (five step project)</b></p> <p><i>EDCS/SLS 644 will be delivered in the summer to provide in-service teachers more opportunities to participate in the course. Teachers participating in this course will conduct the following observations and create lesson plans relevant to their K-12 teaching context. Many teachers still have access to K-12 students during the summer school to do the The MLL Case Study Inquiry and Lesson Development Project.</i></p> <p><i>If teachers do not have access to K-12 MLL/EL students to conduct their observations, we have videos of K-12 MLL students in educational context or can pair them with an opportunity for practice.</i></p> <p>This project is an opportunity for teachers to work with MLL/EL students from a language/culture relevant to their professional context (or intended future context).</p> <p>The following five steps are designed to give teachers an understanding of, and experiences with MLL/EL learners in K-12 settings, and apply strategies that best support MLL/EL's learning.</p> <p>Please see the 644 syllabus for a detailed description of the following five steps.</p> <p><i>Step 1: Setting and language/cultural background of students in their K-12 MLL/EL teaching context</i></p>

	<p><i>Step 2: Observation(s) of K-12 MLL/EL relevant to teacher's context Step 3: Lesson planning and materials development for K-12 MLL/EL relevant to teacher's context Step 4: Microteaching from unit in step 3 Step 5: Reflection on microteaching</i></p> <p><i>Although the microteaching will be delivered to peers, the materials and lesson will target K-12 MLL/ELs relevant to the teacher's context. Microteaching will provide the teacher an opportunity to receive targeted and specific feedback regarding the MLL/EL strategies implemented. It will also provide peers opportunities to identify use of MLL/EL strategies throughout the various lessons. Instructors will be able to assess the teacher's application of appropriate materials and pedagogy by evaluating the lesson plans and observing the microteaching. The intent is for the teachers to use the unit during the school year; however, this will take place after the course is completed so the participating teachers' application of knowledge and skills will be observed and assessed through the lesson plans and microteaching with peers in the role of K-12 MLL/EL students.</i></p>
<b>EDCS 647C</b>	<p><b>MLL Case Study: Assessment and Observation</b></p> <p>The major course project involves application of the readings and resources in the form of a <a href="#">case study</a>. Students will choose a focal P-12 MLL/EL student they work with and engage in data collection through observation and assessment and iterative analysis and implementation based on your findings.</p> <p><i>If students do not have access to a MLL/EL student to complete this project, the instructor will help pair the teachers with teachers who have a high concentration of K-12 MLL/EL students.</i></p>

## **ASSESSMENTS, SUPPORTING COURSEWORK, AND ASSESSMENT DESCRIPTION**

1. List when assessments are administered and describe each assessment. Attach template and grading rubric for each assessment.

An overview of how the core assessments for the MMPP Add-A-Field Graduate Certificate are linked to the TESOL Standards can be found on the following matrix ([link](#)).

In addition, each course syllabi presents Student Learning Objectives (SLOs) for this program and capstone course with the corresponding Teachers of English to Speakers

of Other Languages (TESOL) teacher education standards, the University of Hawai‘i’s graduate programs Institutional Learning Objectives (ILOs), and student performance assessments. In order to address inter-rater reliability of assessments, core faculty in the MMPP program will calibrate core assignments’ rubrics based on its criteria and determine the distinction between the target levels. As a graduate course, faculty and students will also work together to co-construct and describe the performance indicators and behaviors for each benchmark level.

Finally, participants will take the TESOL Praxis as a final measure of their knowledge and skills.

Name of Assessment	Courses supporting completion of assessments	Description
	The Capstone Project assignment is directly covered in the two core courses, SLS 680U (first semester) and EDCS 696 (last semester) below. The content required for completion of this project is integrated across all program course work.	
Capstone Project  [TESOL Standards 1, 2, 3 and 5]	<b>SLS 680U</b> Topics in Second Language Studies: Use-Introduction to Multilingualism Multiculturalism	Students will write a <b>Final Paper</b> that reflects on their identity, the concepts, theories, policies and practices of multilingual language use (spoken and written) and address cultural and linguistic needs in their professional contexts. The paper will conclude with a summary of how these ideas will influence their capstone project.
		<a href="#">Assignment Guide &amp; Assessment Rubric</a>
	<b>EDCS 696</b> Graduate Certificate Capstone	Students will complete their <b>Capstone Project</b> to exemplify their multilingual multicultural awareness and understanding in their professional practices, and in collaboration with professionals from

		<p>other disciplines to promote social justice, equity, and community sustainability. Students will:</p> <ol style="list-style-type: none"> <li>1. Envision their role as individuals and as leaders who embody and advocate for multilingual multicultural practice in their professional domain.</li> <li>2. Work independently or in a group to share their capstone</li> <li>3. Design and/or implement a capstone such as a project, curriculum, presentation, portfolio and/or field experience that displays their culminating understanding of course content and assignments.</li> </ol> <p><a href="#">Assignment and Assessment Rubric</a></p>
<p>Case Study, Inquiry and Lesson Development Project</p> <p>[TESOL Standards 1, 2, 3 and 5]</p>	<p><b>EDCS/SLS 644</b> Multilingual/ EL Pedagogy</p>	<p>Students will conduct a <b>case study, create a lesson plan, teach, receive feedback, and reflect on their work.</b> The case study will develop students' awareness of the sociocultural learning context for MLLs and knowledge about language. The information gathered in the case study will be applied to the lesson plan and teaching to demonstrate use of culturally and linguistically responsive teaching.</p> <p>Finally students will receive feedback, self-assess, and reflect on their planning and teaching.</p>

## **REVIEW TEAM RECOMMENDATION TO HTSB**

The state approved teacher education (SATE) review team recommends provisional approval for the license fields of TESOL K-6, 6-12, and K-12 added field program.

### **Program Strengths**

- The coursework is appropriate and valuable to teachers who are adding the field of TESOL (K-6, 6-12 and K-12).
- The assessments submitted by the program have the potential to provide strong evidence for meeting all pertinent standards. Each assessment is supported by a well-written rubric.
- All faculty listed are suitable for this field of study.

### **Any Weakness or Recommendation for Improvement**

- None

### **Follow-up Questions from the Review Team**

- Questions asked and answered during Review Process
  - Clarification and link between the SLO below and TESOL standards
  - Clarification on course rubrics

**New Business Item 21-52**

## AL 6961 Core Course Components

In a traditional course, you and your classmates attend classes, read assignments, and take exams on the same schedule. AL 6961 is not a traditional course; it is a *practicum* course focused on professional development of individual pre- and in-service professionals. It is designed to help every student develop the attitudes, skills, and knowledge needed to succeed as a student teacher and to prepare for “MA/MEd required” positions after graduation, particularly in language teaching.

	MA TESOL Details omitted as NA for MEd	Proposed for MEd TESOL Candidates
50% of course grade	<p>Broadening your ESL/EFL experience</p> <ul style="list-style-type: none"> <li>• Observations</li> <li>• Professional Service Project</li> <li>• (Optional) Alternative Experiences</li> </ul>	<p><b>MEd TESOL Seminar in Applied Linguistics and SLA</b></p> <p><b>This component enhances subject area knowledge contributing to InTasc Standard 4.</b></p> <p>You will study, discuss, and reflect on your teaching practice in response to an introductory AL &amp; SLA <a href="#">text</a> and supplemental readings provided by the course instructor in weekly seminars with the AL 6961 instructor and MEd peers in World Languages.</p> <p>Assessment of content knowledge is measured with mini papers (245-300 words) or mini conferences (2-3 min) simulating responses to job interview questions on language acquisition, learning, and teaching. <a href="#">The rubric appears on the next page.</a></p>
30 percent of course grade	Action Research Project Proposal	<p><b>Annotated/Revised Unit Plan</b></p> <p>Since MEd TESOL meet their requirement for action research in ED 6XXX.</p> <p>In AL 6961, they demonstrate mastery of InTasc <b>Standard #5: Innovative Applications of Content</b>: “The teacher understands <a href="#">how to connect concepts</a> and <a href="#">use differing perspectives</a> to <a href="#">engage learners in critical/creative thinking</a> and <a href="#">collaborative problem solving</a> <a href="#">related to authentic local and global issues.</a>”</p> <p>They do this by revising and/or annotating three lessons from their ED 6522 unit plan to show how and where they demonstrate each of the highlighted phrases above.</p> <p>In a follow up conference, student and instructor discuss tasks that may need further modification for ELs, if necessary.</p> <p><a href="#">The rubric used to assess this standard appears below.</a></p>
20 percent	<p><b>Recordkeeping, Personal Conferences, &amp; Documentation (20 percent of course grade)</b></p> <p>Recordkeeping is an important course requirement because it is the mechanism by which your professional activities are translated into credit. Attendance is assumed, not rewarded. Once you are familiar with the rhythm of the course, record keeping will take only a few minutes each week.</p>	

## Rubric for MEd TESOL Seminar

This rubric is worded for written assignments but can be adapted for oral discussions as well. Your score is adjusted to reflect the weighted value of the particular course component.

- synthesis of course readings and discussions as well as your personal experience
- awareness that language learning and teaching are complex, multi-faceted processes
- clear, thoughtful writing with specific examples to support your ideas
- transparent organization with clearly stated thesis, well-organized paragraphs, and helpful phrases and sentences of transition.

- 10 You have addressed the issue in the question and answered it in a clear, well-organized, thoughtful manner. It shows that you understand the vocabulary of our course and the complexity of the issues that we have been reading and talking about in class. Furthermore, you can discuss how you might apply these principles in language teaching situations. In its current form, this paper would be a good artifact for the MATESL portfolio showing evidence of your learning and thinking. It would also be a good (partial) response to a comprehensive examination (CE) question.
- 9 You have addressed the issue in the question. Your response is generally clear, thoughtful, and well written. It shows that you are thinking about the issues that we have been reading and talking about and, for the most part, understand them. There may be some inconsistencies, confusion in words or ideas, inadequacies in content or expression, or perhaps even an error in fact, but these do not distract significantly from the overall strength of this response. With minimal surface revision, this paper would be a good artifact for the MATESL portfolio or (partial) response to a CE question showing evidence of your learning and thinking.
- 8.5 Your response is generally clear and understandable. Overall, you seem to understand the principles of the course, but there is a clear weakness in content, clarity, or accuracy of your information. For example, you may have stated a clear general principle but failed to provide examples. With some editing, this paper could be a good artifact for the MATESL portfolio or a (partial) response to a CE question showing evidence of your learning and thinking.
- 8 This response is borderline but minimally acceptable in content and expression. Perhaps you did not fully address the question. Perhaps you are confused about the issue. Perhaps your response is incomplete, vague, or difficult to read. You should not be very satisfied with this paper. While it is okay, this paper would require considerable revision in order to be a good artifact for the MATESL portfolio or acceptable for a CE response.
- 7 This response is unacceptable in content or organization, **OR** a reader must struggle to understand what you are saying. It is not suitable for a portfolio and probably would not pass a CE reading.
- 0-6 This response is incomplete, confusing, late, or error-filled.
- 10 These words may be very nice, but they are not yours.

## Rubric for Assessing InTasc Standard 5

With respect to the components of **InTasc Standard 5 Innovative Applications of Content**, the student's revision and/or adaptation of their unit plan demonstrates that they the degree to which they meet program expectations. The 4-point scale can be thought of as a 4-point, graduate student rating where a B (3.0) represents minimal, but passing performance for graduate student in good standing.

	<b>Submitted but does not meet...</b> <b>1</b>	<b>Approaches...</b> <b>2</b>	<b>Meets...</b> <b>3</b>	<b>Exceeds...</b> <b>4</b>
<b>Connecting concepts</b>				
<b>Use different perspectives</b>				
<b>Engage learners in critical/engaging learning</b>				
<b>Engage learners in collaborative problem solving</b>				
<b>Related to local &amp; global issues</b>				
<b>Realistic for ELs at various levels of proficiency<sup>1</sup></b>				

---

<sup>1</sup> For conference with AL professor only. This criteria does not affect MEd outcomes or student grade in the course.

## AL 6961 Syllabus Supplement

Thank you for this opportunity to examine and clarify how AL 6961 will address both content knowledge and InTask Std. 5 for the MEd TESOL. This table summarizes key factors related to the MA TESOL and MEd programs and the role of AL 6961 plays in both.

Factor	MA TESOL	MEdSecondary TESOL
Background experience & education	Varies widely but ranges from BA degree (in anything) with no teaching experience to experienced EFL teacher with no prior coursework in TESOL	Likely to vary widely
Content area knowledge base	Eight 3-cr 6000-level courses in applied linguistics and language teaching pedagogy. See <a href="#">here</a> .	Two 3-cr courses: ED 6430 and AL 6961. ED 6430 focuses on awareness of ELs, their needs, and inclusive practices for working with them in 6-12 classes.  AL 6961 fulfills a need for SLA content knowledge and EL pedagogy.
Supervised student teaching (ST) experience	AL 7099—a modest, 40-hour supervised ST experience. Often, however, MA TESOL candidates complete this experience on the job where they are already successfully employed and, of course, earning many more hours of experience.	Rigorous ED 6521+ED 6522 experience, taken concurrently with AL 6961, far surpasses MA TESOL expectations.
Role of AL 6961 in program.	Informally called pre-practicum. Goal is to (a) broaden candidate awareness of the ESOL field—locally & globally—in various learning environments, not necessarily 6-12 and (b) deepen candidate’s experience working with ELs as individuals and/or in classes.	Provide essential content area background knowledge on first & second language acquisition (SLA), applied linguistics, EL pedagogy, and research in all three.
How AL 6961 meets student needs	Students & instructor co-create individual plans to meet the needs described above with four primary but flexible components.	AL 6961 instructor plans a weekly seminar for MEd WL and MEd TESOL majors to address the content area needs described above.

In sum, while it may seem ironic to claim that AL 6961 can fulfill the vastly different needs of MA TESOL and MEd TESOL students, the ability to do so lies in the flexible course design of AL 6961 and the expertise of the AL faculty in tailoring an individualized course for the enrolled pre- and/or in-service language teachers. As a result, the particular components of the course are differentiated for AL and MEd students.

#### Assessments and Rubrics

Assessment Name	<b>Interdisciplinary Unit Plan</b> <i>(InTASC Embedded Assessment #6 &amp; 7)</i>
Description	<p>This assignment is composed of two parts:</p> <ol style="list-style-type: none"><li>1. Design for Instruction</li><li>2. Assessment of Student Learning</li></ol> <p>The first part, Design for Instruction, consists of the following items to be included in the official unit plan template:</p> <ul style="list-style-type: none"><li>• <b>Learning Outcomes.</b> Learning outcomes that define what students are expected to know and be able to do at the end of the unit.</li><li>• <b>Assessment Plan.</b> Assessment plan that monitors student progress toward achievement of each of the learning outcomes.</li><li>• <b>Design for Instruction.</b> A description of the unit of instruction and how it relates to the learning context and outcomes, as well as detailed lesson plans for four or five lessons within the unit.</li></ul> <p>The unit plan template is available here:</p> <ul style="list-style-type: none"><li>• <a href="#">Link to Unit Plan Template</a></li></ul> <p>Instructions for using the template are available in the Unit Plan Supplement:</p> <ul style="list-style-type: none"><li>• <a href="#">Link to Unit Plan Supplement</a></li></ul> <p>The second part, Assessment of Student Learning, is a narrative document addressing the following prompts:</p> <ul style="list-style-type: none"><li>• <b>Instructional Decision Making.</b> A description of students' learning or responses that led to a revision of the unit plan.</li><li>• <b>Analysis of Student Learning.</b> Analysis of assessment data, including pre/post assessments and formative assessments, to determine students' progress related to the unit learning outcomes.</li><li>• <b>Reflection and Self-Evaluation.</b> Reflection and self-evaluation of the teacher candidate's performance with regard to student learning result and decisions made during instruction.</li></ul> <p>The following are details about each prompt:</p> <ol style="list-style-type: none"><li><b>1. Instructional Decision-Making</b><ol style="list-style-type: none"><li><b>a. Description of Learning</b><p><i>Directions: Describe a time during your unit when a student's learning or response caused you to modify your original design for instruction. learning or response that caused you to rethink your plans. The student's learning or response may come from a planned formative assessment or another source (not the pre-assessment).

**b. Description of Instructional Modifications for Student #1**

*Directions: Describe the modifications that you made in response to this student and explain why you thought this would improve student progress toward the learning outcome. Describe how these modifications were congruent with learning outcomes and were informed by your analysis of student learning/performance, best practice, or contextual factors.*

**2. Analysis of Student Learning**

**a. Description of the Overall Performance and Progress of the Whole Class**

*Directions: Provide a narrative to report qualitative (descriptive) information about the general performance of the whole class and its progress toward achieving learning outcomes. Provide a meaningful interpretation and draw appropriate conclusions from the graphic representation that you have presented below. Your qualitative analysis should include a description of your impact on student learning in terms of number of students who achieved and made progress toward each learning outcome*

**b. Graphic Representation of the Overall Performance and Progress of the Whole Class**

*Directions: To report quantitative (numerical) data about the progress of the whole class toward the learning outcomes, create a table that shows pre- and post-assessment data on every student for every learning outcome. Then, create a graphic summary (chart or graph) that shows the extent to which your students made progress (from pre- to post-) toward achieving the criteria that you identified for each learning outcome in the Assessment Plan section.*

**c. Description of the Overall Performance and Progress of a Subgroup**

*Directions: Select a group characteristic (e.g., gender, performance level, socio-economic status, language proficiency) to analyze in terms of one learning outcome. Provide a rationale for your selection of this characteristic to form subgroups (e.g., girls vs. boys; high- vs. middle- vs. low-performers).*

*Provide a narrative to report qualitative (descriptive) information about the general performance of these subgroups and their progress toward achieving learning outcomes. Provide a meaningful interpretation and draw appropriate conclusions from the graphic representation that you have presented below. Your qualitative analysis should include a description of your impact on student learning in terms of number of students in each subgroup who achieved and made progress toward this learning outcome.*

**d. Graphic Representation of the Overall Performance and Progress of a Subgroup**

*Directions: To report quantitative (numerical) data about the progress of the subgroup toward the achievement of a single learning outcome, create a table that shows pre- and post-assessment data on every student in each subgroup for this*

	<p><i>learning outcome. Then, create a graphic summary (chart or graph) that compares pre- and post-assessment results for the subgroups on this learning outcome to summarize what this data shows about student learning.</i></p> <p><b>e. Description of the Overall Performance and Progress of Individuals</b></p> <p><i>Select two students who demonstrated different levels of performance. Provide a rationale for why it is important to understand the learning of these particular students. Use pre-, formative, and post- assessment data with examples of the students' work to draw conclusions about the extent to which these two students attained the learning outcomes.</i></p> <p><i>Provide a narrative to report qualitative (descriptive) information about the general performance of these subgroups and their progress toward achieving learning outcomes. Graphic representations are not necessary for this subsection.</i></p> <p><b>3. Reflection and Self-Evaluation</b></p> <p><b>a. Successes</b></p> <p><i>Directions: Select the learning outcome where your students were most successful. Provide two or more possible reasons for this success. Consider your outcomes, instruction, and assessment along with student characteristics and other contextual factors under your control.</i></p> <p><b>b. Challenges</b></p> <p><i>Directions: Select the learning outcome where your students were least successful. Provide two or more possible reasons for this lack of success. Consider your outcomes, instruction, and assessment along with student characteristics and other contextual factors under your control. Discuss what you could do differently or better in the future to improve your students' performance.</i></p> <p><b>c. Reflections of Possibilities for Professional Development</b></p> <p><i>Directions: Describe at least two professional learning outcomes (i.e. <a href="#">InTASC Standards</a>) that emerged from your insights and experiences with this assignment. Identify two specific steps you will take to improve your performance in the critical area(s) you identified.</i></p>
<b>Evaluation</b>	Rubrics used to evaluate the two parts of this assignment can be found below.

### Professional Disposition Rubric: Academic

Candidates are expected to conduct themselves as professionals at all times: attending all seminars, meeting all field requirements, arriving on time, interacting with respect for the perspectives of others, communicating in an open and reflective manner, and collaborating responsibly. We are all responsible for our own learning and for building a safe and nurturing community of learners. We need to be role models now to cultivate appropriate attitudes and behaviors we will expect from our students later.

Accordingly, engaging in personal emails, instant messaging, games and web surfing are not appropriate activities during class time. Please turn off your interrupting devices.

**\*NOTE:** Excessive violation of HPU's School of Education's expectations for professionalism will result in a Plan for Continuous Improvement to guide and support observable changes in the candidate's behavior.

**New Business Item 21-53**

Introduced April 29, 2022

Approved April 29, 2022

**TITLE: Consideration of Provisional Approval of the University of Hawaii at Manoa's College of Education Bachelor of Education in Special Education Mild/Moderate 6-12 and Severe Disabilities/Autism PK-3, K-6, 6-12, K-12**

---

The Hawaii Teacher Standards Board accepts HTSB Review Team recommendation to grant provisional state approval to the University of Hawaii at Manoa's College of Education Bachelor of Education in the following fields and grade levels:

- Special Education Mild/Moderate 6-12  
and
- Severe Disabilities/Autism PK-3, K-6, 6-12, K-12

The State Approved Teacher Education (SATE) Review Team recommends approval of the University of Hawaii at Manoa's College of Education Bachelor of Education in Special Education Mild/Moderate 6-12 and Severe Disabilities/Autism PK-3, K-6, 6-12, K-12

**Program Strengths**

It is evident that:

- HTSB Performance Standards (InTASC) and Content (CEC) standards are addressed.
- HTSB Licensure Requirements are addressed.
- comprehensive training needed for teacher effectiveness is provided
- COE is investing resources in the programs.
- COE is responding quickly to the needs of its school partner.
- candidates will be assessed throughout the program to ensure their meeting the requirements.
- this unique undergraduate program, which produces SPED teachers, will help address Hawaii's teacher shortage.
- the programs are comprised of a comprehensive list of courses in SPED.
- the courses are taught by qualified instructors.

**Any Weakness or Recommendation for Improvement**

- It is recommended that the program explore ways in which the HDOE Sheltered Instruction requirement may be included in any future programs.
- The programs are recommended to stay up to date on HDOE requirements so that future educators are not subject to additional professional development immediately after graduation.

The program may recommend completers for initial licensure for the following license fields:

- Special Education Mild/Moderate 6-12  
and
- Severe Disabilities/Autism PK-3, K-6, 6-12, K-12

This program shall be included in the provider's 2028 accreditation review.

FOR A BACHELOR OF EDUCATION IN SPECIAL EDUCATION IN  
TWO TRACKS: MILD-MODERATE 6-12 AND SEVERE  
DISABILITIES/AUTISM PK-3, K-6, 6-12, AND K12.**

**SATE REVIEW TEAM RECOMMENDATIONS**

The State Approved Teacher Education (SATE) Review Team recommends provisional approval for a Bachelor of Education in Special Education (BEd SPED). The BEd SPED will offer two tracks: (1) mild/moderate 6-12, and (2) severe disabilities/autism PK-3, K-6, 6-12, K-12

**RATIONALE**

**Program of Study:** The coursework is appropriate and valuable to teachers who are seeking a Bachelor’s of Education in Special Education (BEd SPED). The BEd SPED will offer two tracks: (1) mild/moderate 6-12, and (2) severe disabilities/autism PK-3, K-6, 6-12, K-12

**Standards & Assessments:** The assessments submitted by the program have the potential to provide strong evidence for meeting all pertinent standards. Each assessment is supported by a well-written rubric.

**Faculty:** All faculty listed are suitable for this field of study.

Field Projected Implementation Date: Fall 2022

## **PROGRAM JUSTIFICATION:**

The need for licensed special education teachers in Hawaii is significant and persistent. In November 2019, the Hawaii DOE reported that there were more than 2200 special education teacher positions in the state, and about 500 were filled with unlicensed special education teachers. Given the serious and persistent teacher shortage in Hawaii as well as the prior Felix Consent Decree, the Hawaii DOE has contracted with the UHM Department of Special Education to prepare special education teachers for the state. The contract has been ongoing since 1998 with the current contract of \$1.5M per year to fund student stipends and faculty positions to provide the necessary teacher training. The new BEd in Special Education is now included in this contract and students will be eligible for DOE stipends to cover their tuition costs in return for a three year payback teaching special education in Hawaii once they are licensed.

The BEd in Special Education will fill the current gap in undergraduate special education teacher education licensure options at the University of Hawaii, College of Education by giving prospective students statewide the choice of teacher licensure programs across the range of disabilities (mild/moderate and severe/autism) and grade levels (PreK-3, K-6, and 6-12) at the undergraduate level. Currently, licensure in these areas is only at the Post-Baccalaureate or MEd levels. The current undergraduate special education licensure programs are all dual general education and special education programs for mild/moderate disabilities at the PreK-3 and K-6 levels. Expanding special education licensure options at the bachelor's degree level is especially important on the neighbor islands and rural areas of Oahu where prospective students have less access to higher education and are thus less likely to already hold a bachelor's degree (as required for obtaining special education licensure through a Post-Baccalaureate program).

## **SUPPORTING INFORMATION**

- **HTPS and CEC aligned with Rubrics** [\(link\)](#)
- **HTSB Hawaii Specific Requirements** [\(link\)](#)

## **REVIEW TEAM RECOMMENDATION TO HTSB**

The State Approved Teacher Education (SATE) Review Team recommends provisional approval for a Bachelor of Education in Special Education (BEd SPED). The BEd SPED will offer two tracks: (1) mild/moderate 6-12, and (2) severe disabilities/autism PK-3, K-6, 6-12, K-12

### **Program Strengths**

It is evident that:

- HTSB Performance Standards (InTASC) and Content (CEC) standards are addressed.
- HTSB Licensure Requirements are addressed.
- comprehensive training needed for teacher effectiveness is provided
- COE is investing resources in the programs.
- COE is responding quickly to the needs of its school partner.
- candidates will be assessed throughout the program to ensure their meeting the requirements.
- this unique undergraduate program, which produces SPED teachers, will help address Hawaii's teacher shortage.
- the programs are comprised of a comprehensive list of courses in SPED.
- the courses are taught by qualified instructors.

### **Any Weakness or Recommendation for Improvement**

- It is recommended that the program explore ways in which the HIDOE Sheltered Instruction requirement may be included in any future programs.
- The programs are recommended to stay up to date on HIDOE requirements so that future educators are not subject to additional professional development immediately after graduation.

### **Questions Asked and Answered During the Review Process:**

The programs provided clarification on the following questions/request:

- link between the SLO and TESOL standards
- on course rubrics
- assurance that future programs include 6 credits of English Language Learner content (Sheltered Instruction) that satisfy the DOE mandate
- all assessment rubrics to include the standards being assessed
- all assessment rubrics follow a standard format for ease of student use
- update all course materials including syllabi before submission

**TITLE: Clinical Experience Exception for the University of Hawaii at Manoa  
American Samoa Teacher Candidates**

---

The Hawaii Teacher Standards Board approves the following clinical experience exception for UH Manoa American Samoa teacher candidates:

UH Manoa American Samoa teacher candidates shall complete supervised clinical experience in student teaching, internship, or residency in an American Samoa school at the appropriate grade level(s) and the in the subjects or school roles (e.g., school counselor, school librarian) for which they are seeking a license.

All other clinical experience requirements outlined in NBI 12-27 revised shall be adhered to.

**Background:**

For over four decades the University of Hawaii has worked in collaboration with the American Samoa (AS) Department of Education (ASDOE) to provide education, professional development and/or teacher preparation programs for AS elementary teachers. In 1981 the Territorial Teacher Training Assistance Project (TTTAP) was created to upgrade the skills and abilities of in-service teachers in AS, provided through federal funds until 1995, and then through ASODE funding since then. Since 1997 the cohort model for the BEd in Elementary teacher preparation program adopted at Manoa has been delivered to teacher candidates in AS. The UHM/American Samoa cohort program follows the same sequence of courses as the elementary cohort program in Hawaii. Specializations in special education or early childhood education are also offered. These specializations offered at the UH Manoa campus are provided at the request of ASDOE to meet the needs of their teachers in these areas. The American Samoa cohort program embraces the conceptual framework of the College of Education at the University of Hawaii in preparing teachers who are knowledgeable, effective, and caring. At present, the Chair of the Elementary program at UHM COE has oversight of the AS program teacher preparation programs, in collaboration with the Chair of the Department of Special Education. Course and field syllabi are approved by the UHM chairs, as well as the faculty who teach the courses. The programs follow the Manoa requirements with the exception of student teaching in a Hawaii school. AS candidates are predominantly teachers of hire and complete student teaching in their own classrooms, under the supervision of UHM faculty.

**TITLE: Adoption of Computer Science Standards for Licensure and Hawaii Educator Preparation Program Verification of Content Knowledge of Teacher Candidates**

---

The Hawaii Teacher Standards Board (HTSB) adopts the following 2020 Computer Science Teachers Association (CSTA) Standards for Computer Science Teachers.

These Computer Science Standards were designed for both novice and experienced Computer Science teachers. These standards are intended to provide guidance regarding the effective and equitable delivery of Computer Science instruction for K-12 students.

2020 Computer Science Teachers Association (CSTA) Standards for Computer Science Teachers attached.

**Submitted by:** Branden Kawazoe

**Referred to:** Teacher Education Committee

These Standards are aspirational and dependent on sustained professional development (PD) and learning. We intend to provide a level of specificity that both offers sufficient guidance to novice CS teachers while allowing experienced CS teachers space for professional growth. This is critical because CS teachers enter the field from many different areas of specialization, and their preparation varies significantly. Each indicator is not an expectation of current knowledge, but instead a roadmap to help teachers from multiple entry points identify strengths and areas of need. We hope teachers use this information to seek out targeted professional development opportunities to increase their mastery.

Audience

These Standards are designed for both novice and experienced teachers who primarily teach computer science. While we anticipate that many in the CS education community will find value in these Standards, we designed them for a few specific audiences:

- **Schools of education** will use these Standards to develop new or refine existing *pre-service* programs.
- **PD providers** will use these Standards to develop new or refine existing *in-service* professional learning programs.
- **State, district, and site leaders** will use these Standards to develop pathways for certification and support their CS teachers in setting and meeting professional learning goals.
- **K-12 CS teachers** will use these Standards to reflect on their own strengths and areas of growth, set professional goals, and identify targeted PD opportunities to meet these goals.

Development

The *CSTA Standards for CS Teachers* are written and maintained by teacher members of the Computer Science Teachers Association (CSTA), a nonprofit organization dedicated to empowering, engaging, and advocating for K-12 CS teachers worldwide. These Standards were first created and published by the International Society for Technology in Education (ISTE) in 2003 as the *Standards for CS Educators*, last updated in 2011, and rewritten in 2019 in partnership with ISTE, for release in 2020.

These Standards are licensed under the Creative Commons Attribution-NonCommercial-ShareAlike 4.0 International License (CC BY-NC-SA 4.0).

2020 CSTA Standards for Computer Science Teachers

The field of computer science (CS) education has rapidly accelerated over the past two decades. Throughout this movement, we have learned a great deal about effective K-12 CS instruction. By publishing this new version of *Standards for CS Teachers*, we aim to complement the universal outcomes for student learning delineated in the *K-12 CS Framework* and *CSTA K-12 CS Standards*. The *Standards for CS Teachers* establish robust benchmarks for the teachers who prepare their students to meet these learning outcomes.

Purpose

These Standards are designed to provide clear guidance around effective and equitable CS instruction in support of rigorous CS education for all K-12 students. The purpose is to:

- explain what CS teachers should know and be able to do in the classroom,
- provide aspirational goals to guide teachers' professional learning and to continuously develop their teaching practice from novice to master CS teacher, and
- establish benchmarks for professional development (PD) providers as they craft CS PD experiences.

Vision

Effective CS teachers must have thorough content knowledge and skills in computer science and understand the student learning progression.\* They must also continuously refine their pedagogical content knowledge (PCK) and skills to support all students in meeting learning outcomes.

\* These Standards do not attempt to define all content knowledge and skills that CS teachers should have. Rather, they reference the *K-12 CS Framework* and *CSTA K-12 CS Standards*, which provide curricular guidance on CS learning objectives and outline the foundation for a complete CS curriculum and its implementation at the K-12 level.

# CSTA Standards for Computer Science Teachers

## Standard 1. CS Knowledge & Skills

Effective CS teachers demonstrate and continuously develop thorough knowledge of CS content. They demonstrate proficiency with the CS concepts of the grade bands they teach, and they integrate these concepts with CS practices, including computational thinking. They also understand the progression of content before and after the grade bands they teach.

### 1a. Apply CS practices

Apply CS and computational thinking practices in flexible and appropriate ways. Practices include: Fostering an Inclusive Computing Culture, Collaborating Around Computing, Communicating About Computing, Recognizing and Defining Computational Problems, Developing and Using Abstractions, Creating Computational Artifacts, and Testing and Refining Computational Artifacts.

### 1b. Apply knowledge of computing systems

Apply knowledge of how hardware and software function to input, process, store, and output information within computing systems by analyzing interactions, designing projects, and troubleshooting problems.

### 1c. Model networks and the Internet

Model how computing devices connect via networks and the Internet to facilitate communication, and explain tradeoffs between usability and security.

### 1d. Use and analyze data

Collect, store, transform, and analyze digital data to better understand the world and make more accurate predictions.

### 1e. Develop programs and interpret algorithms

Design, implement, debug, and review programs in an iterative process using appropriate CS tools and technologies. Interpret algorithms, and explain tradeoffs associated with different algorithms.

### 1f. Analyze impacts of computing

Analyze how people influence computing through their behaviors, cultural norms, and social interactions, as well as how computing impacts society in both positive and negative ways.

## Standard 2. Equity and Inclusion

Effective CS teachers proactively advocate for equity and inclusion in the CS classroom. They work towards an intentional, equity-focused vision to improve access, engagement, and achievement for all of their students in CS.

### 2a. Examine issues of equity in CS

Examine how structural barriers and social and psychological factors contribute to inequitable access, engagement, and achievement in CS among marginalized groups. Reflect on how issues of equity manifest in their own CS teaching context.

### 2b. Minimize threats to inclusion

Develop purposeful strategies to proactively challenge unconscious bias and minimize stereotype threat in CS.

### 2c. Represent diverse perspectives

Incorporate diverse perspectives and experiences of individuals from marginalized groups in curricular materials and instruction.

### 2d. Use data for decision-making to improve equity

Create and implement a plan to improve access, engagement, and full participation in CS using classroom data to inform decision-making.

### 2e. Use accessible instructional materials

Evaluate tools and curricula and leverage resources to improve accessibility for all students.

## Standard 3. Professional Growth and Identity

Effective CS teachers continuously develop their knowledge, practice, and professional identity to keep pace with the rapidly evolving discipline. They participate in the larger CS education community and collaborate with others to develop the skills that enable all students to succeed in their classes.

### 3a. Pursue targeted professional development

Develop and implement a plan for targeted professional development to continuously deepen their CS content and pedagogical knowledge and skills.

### 3b. Model continuous learning

Model willingness to learn from others and to continuously develop new skills. Demonstrate comfort in problem solving and perseverance when encountering new or challenging content.

### 3c. Examine and counteract personal bias

Examine how their personal perspective, privilege, and power impact student success and classroom culture, and continuously work to counteract biases.

### 3d. Commit to the mission of CS for all students

Develop a personal teaching philosophy reflecting that all students can and should learn CS.

### 3e. Leverage community resources

Identify and connect resources in the local community and broader CS ecosystem to support student learning in CS.

### 3f. Participate in CS professional learning communities

Participate in CS professional learning communities (PLCs) to collaborate with peers, celebrate successes, share lessons learned, and address challenges.

## Standard 4. Instructional Design

Effective CS teachers design learning experiences that engage students in problem solving and creative expression through CS, using pedagogical content knowledge (PCK). They plan to meet the varied learning, cultural, linguistic, and motivational needs of individual students in order to build student self-efficacy and capacity in CS.

### 4a. Analyze CS curricula

Analyze CS curricula for implementation in their classrooms in terms of CS standards alignment, accuracy, completeness of content, cultural relevance, and accessibility.

### 4b. Develop standards-aligned learning experiences

Design and adapt learning experiences that align to comprehensive K-12 computer science standards.

### 4c. Design inclusive learning experiences

Use Universal Design for Learning (UDL), Culturally Relevant Pedagogy (CRP), and other techniques to support all students in successfully accessing and engaging with content.

### 4d. Build connections between CS and other disciplines

Design learning experiences that make connections to other disciplines and real-world contexts.

### 4e. Plan projects that have personal meaning to students

Plan opportunities for students to create and share open-ended and personally meaningful projects.

### 4f. Plan instruction to foster student understanding

Plan activities that use evidence-based, CS-specific teaching strategies to develop students' conceptual understanding and proactively address student misconceptions in CS.

### 4g. Inform instruction through assessment

Develop multiple forms and modalities of assessment to provide feedback and support. Use resulting data for instructional decision-making and differentiation.

## Standard 5. Classroom Practice

Effective CS teachers are responsive classroom practitioners who implement evidence-based pedagogy to facilitate meaningful experiences and produce empowered learners of CS.

### 5a. Use inquiry to facilitate student learning

Use inquiry-based learning to enhance student understanding of CS content.

### 5b. Cultivate a positive classroom climate

Cultivate a positive classroom climate that values and amplifies varied perspectives, abilities, approaches, and solutions.

### 5c. Promote student self-efficacy

Promote student self-efficacy by facilitating student creativity, choice in product and process, and self-directed learning.

### 5d. Support student collaboration

Provide structured opportunities for students to collaborate in CS. Develop students' ability to provide, receive, and respond to constructive feedback in the design, implementation, and review of computational artifacts.

### 5e. Encourage student communication

Create and scaffold meaningful opportunities for students to discuss, read, and write about CS concepts and how they integrate CS practices.

### 5f. Guide students' use of feedback

Use formative assessments to provide timely, specific, and actionable feedback to students and to adjust instruction. Develop students' ability to interpret and use feedback from computers, teachers, peers, and community.

**TITLE: Social Security Number Requirement for all Applications**

Effective April 1, 2022, and in accordance with state and federal laws, HTSB will require each applicant to disclose their Social Security Number and submit a readable copy of their Social Security card prior to the issuance or renewal of a license, permit, or certificate.

Each applicant, license, permit, or certificate holder must provide HTSB with a valid Social Security number, or their application will be deemed incomplete and will not be processed further.

Applicants will be informed that in addition to verification of identity, HTSB will use an applicant's social security number to check the clearinghouse maintained by the National Association of State Directors of Teacher Education and Certification (NASDTEC) for license revocation, cancellation, suspension, denial, and reinstatement in other states/jurisdictions. HTSB will also be required to release the social security number to the NASDTEC clearinghouse in the event of license revocation, cancellation, suspension, denial, and reinstatement.

This item does not apply to in-state teacher candidates from an HTSB approved Educator Preparation Program, previously employed and current Hawaii Department of Education and Hawaii State Public Charter School teachers who have already provided the required information.
