AAQEP - SEA COOPERATION AGREEMENT

between the Association for Advancing Quality in Educator Preparation
and
Hawaii Teacher Standards Board
September 17, 2021

This agreement establishes a framework for cooperation between the Association for Advancing Quality in Educator Preparation (AAQEP), P.O. Box 7511, Fairfax, VA 22039, and Hawaii Teacher Standards Board (HTSB), 650 Iwilei Road, Suite 268, Honolulu, HI 96817, with regard to quality assurance activities in support of educator preparation in the State of Hawaii. The purpose of this agreement is to support quality assurance, continuous improvement, and innovation in educator preparation by entities approved by HTSB as they seek and maintain national accreditation through AAQEP.

The terms of this agreement shall begin on November 1, 2021, and end on June 30, 2026. This agreement can be modified whenever HTSB or AAQEP finds it appropriate during the term of this agreement.

AAQEP affirms HTSB's efforts to ensure quality preparation of educators to meet the needs of Hawaii's children, families, schools, and communities and HTSB's role of ensuring that the requirements of the Hawaiian Constitution and Hawaii Administrative Rules are met. By entering this agreement, HTSB affirms AAQEP's mission of promoting and recognizing quality educator preparation that strengthens the education profession's ability to serve all students, schools, and communities.

1. Standards Used in Quality Assurance Reviews

Quality assurance reviews conducted by AAQEP in Hawaii will be guided by the current version of the AAQEP standards (available at <https://aaqep.org>) and in keeping with AAQEP policy regarding the application of those standards.

Providers approved by HTSB must meet all relevant Hawaii standards set forth in the HTSB Board directions, policies, Hawaii Administrative Rules Chapter 8-54, Hawaii State Constitution, and other relevant regulations including the integration of Hawaiian language, history, and culture in order to promote and perpetuate traditional ways of knowing, learning, and teaching.

In addition, providers are welcome to orient their quality assurance review to other relevant professional standards (for example, those from professional associations such as the National Council for Social Studies, the International Literacy Association, the National Council for Teachers of Mathematics, etc.).

2. Scope of Quality Assurance Reviews

The scope of AAQEP accreditation sought by providers in Hawaii must include all licensure

programs approved by HTSB that require continuing state approval as specified in Hawaii Administrative Rules Chapter 8-54. In addition to programs specified above, the provider may, at its discretion, choose to include additional programs of study leading to a degree or credential designed for those intending to work as, or already working as, educational professionals. For such programs of study, where no state standards are specified, the provider may identify any standards in addition to the AAQEP standards to which its program(s) is(are) aligned.

The scope of the AAQEP accreditation sought by providers in Hawaii will be determined by the provider in consultation with AAQEP and, when appropriate, HTSB. The provider will clearly identify which aspects of its work are and are not accredited in all public displays that make note of accreditation.

3. Quality Assurance Review Process

All quality assurance reviews conducted by AAQEP will be guided by AAQEP's policies and procedures as specified in the *Guide to AAQEP Accreditation*, available at <https://aaqep.org>. AAQEP's process includes an optional proposal review process prior to a scheduled site visit. All quality assurance reviews include an off-site review prior to each site visit, conducted virtually, which HTSB staff are welcome to attend, and an on-site visit, the scope of which is determined by program size and complexity, which HTSB staff are also welcome to attend as observers.

At or near the beginning of each quality assurance site visit, a representative of HTSB will make a presentation to the Quality Review Team regarding the Hawaiian context for educator preparation. This presentation will include sharing any information regarding the provider's status with the HTSB.

4. Quality Review Team Composition

AAQEP will appoint a sufficient number of Quality Review Team members to each review case to ensure that the review is carried out thoroughly and efficiently. Each AAQEP review team will include at least one educational practitioner from Hawaii nominated by the provider hosting the review and approved by HTSB. The practitioner will receive training and support from AAQEP. The local practitioner(s) will support the review team's understanding of and respect for the local and state educational context.

In addition to the AAQEP-appointed members, one or more HTSB staff member(s) may participate as observers. Other observers, including those seeking a better understanding of the AAQEP process, may participate as agreed to by AAQEP and the host provider.

5. Reviewer Preparation and Qualifications

All review team members will meet AAQEP preparation and quality requirements. Reviewer training and professional learning opportunities will be made available to HTSB staff at no cost (though AAQEP will not cover travel expenses); HTSB observers are invited to participate in training prior to joining review teams as observers. Training is not a condition for participation as observers.

6. Relation of Accreditation to Program Approval

All decisions for state approval of education preparation programs for each content or specialty area are within the sole authority of the HTSB. Decisions to approve or not approve provider programs are made independent of AAQEP determinations regarding accreditation of the provider. AAQEP acknowledges that the rules and standards that govern state approval of a provider and its programs in Hawaii are subject to change at any time by the HTSB.

AAQEP's process requires disaggregation of evidence by licensure and teaching field as well as by program site and/or mode of delivery. This allows for quality judgments to be made regarding each licensure program under the scope of accreditation. Quality assurance at the program level provides evidence for how AAQEP standards on candidate and completer performance are being met and facilitates comprehensive judgment of the set of programs put forward as a whole.

7. Accreditation Decisions

AAQEP accreditation decisions are made by the AAQEP Accreditation Commission. Accreditation statuses and terms are detailed in AAQEP's *Guide* and policy documents, available at <https://aaqep.org>. Full accreditation is for a term of 7 years. Observers from HTSB are welcome to attend meetings of the Accreditation Commission at which cases of Hawaii providers are considered (meetings are typically conducted via video conference). Accreditation decisions, including the reports on which decisions are based and the Accreditation Commission's rationale for each decision, will be shared with the HTSB Executive Director or designee as noted in Section 8 below.

8. Communication and Logistics of Collaboration

Providers seeking AAQEP accreditation will ensure that HTSB is apprised in advance and notified of any changes to the schedule of accreditation activities, including site visit dates and schedule details. Providers will also send a copy of the final version of their Quality Assurance Report (the self-study) electronically to HTSB at the same time they provide it to AAQEP in PDF format. AAQEP will inform HTSB of the Accreditation Commission meeting(s) at which a provider's case will be considered.

AAQEP will provide HTSB with a copy of the Quality Review Team Report and Accreditation Commission action letter in PDF format when they become available.

In addition, HTSB and AAQEP agree to share information regarding any changes to the state approval and national accreditation status.

9. AAQEP Capacity Review and Formative Support Options

AAQEP will make available to Hawaii providers, in cooperation with and at the discretion of HTSB, two additional services:

- At HTSB's request, AAQEP will conduct capacity reviews of entities seeking first-time approval as an educator preparation provider. Such reviews will be conducted prior to the operation of the program to provide HTSB with a third-party review to inform a program

approval decision. Such reviews will be designed and conducted in partnership with HTSB using the AAQEP standards as the framework.

- AAQEP also facilitates program and provider improvement for entities that have identified specific shortcomings in their work, including cases where shortcomings have been identified through external evaluations such as state or accreditation reviews. AAQEP will enter into an agreement with the provider and HTSB to establish a timeline, priorities, and outcomes for such reviews.

10. Membership

AAQEP views cooperation among accreditors, educator preparation providers, and SEAs as essential to effective quality assurance. It enters into this agreement with the intent of supporting both HTSB and providers authorized by it in ensuring the preparation of excellent and effective teachers and other professional educators. HTSB agrees to join AAQEP as a state member at no cost in support of these goals.

In support of shared goals, AAQEP will provide supportive services including workshops and webinars to providers in Hawaii at a reasonable cost. HTSB staff may participate in any AAQEP activities offered within Hawaii at no cost (AAQEP cannot cover travel expenses, meals, or lodging). AAQEP will also provide one HTSB staff member with a no-cost registration to its annual Quality Assurance Symposium and provide any additional HTSB staff registration at the reduced member rate. In addition, HTSB staff may participate in AAQEP professional learning events, including reviewer training, at no cost (travel, etc., excepted, as above).

According to a U.S. Department of Education Office of Special Education Programs Report, there are 2,555 children in Hawaii between the ages of 3-5 receiving special education services, with the highest percentage (67%) qualifying under the disability category of Developmental Delay. At the request of the Office of Early Learning, effective December 2018, the Hawaii Teachers Standards Board requires completion of a full preparation program to add the field of Early Childhood Education (ECE) PK-3 and PK-K. This statute has increased the need for preparation program options leading to ECE teacher licensure since there is no longer an option to add the ECE field through a content knowledge test or coursework combined with experience. Furthermore, the Executive Office on Early Learning (EOEL) launched Hawaii's first [publicly funded pre-kindergarten program](#) in the 2014-15 school year. There are now 34 pre-kindergarten classrooms on HDOE elementary school campuses and 13 pre-kindergarten classrooms on public charter school campuses statewide. The development and expansion of Hawaii's public early learning system will create an imminent need for highly qualified Early Childhood Educators, particularly in the state's highest need area of special education.

As of May 2021, there are 109 active students enrolled in the Advanced Professional Certificate (APC) in SPED K-12 and 22 new applicants for Fall 2021. There are 76 active students enrolled in the 3+1 LEE-Chaminade Bachelor's of Science in SPED Mild/Moderate PK-12. Both pathways require the same five core 300-level SPED courses.

Approximately 20% of APC in SPED Candidates (22) expressed interest in a SPED PK-3 license. Since its inception, the APC in SPED was approved as a SATEP to add SPED PK-3 as a field to an existing license and the courses in this certificate serve as 70% of the SPED course requirements for the 3+1 BS in SPED, another approved SPED PK-3 SATEP. Therefore, the APC in SPED courses have always included content that requires students to:

1. Apply knowledge of learner development, learner differences, diverse students and the learning environment to optimize learning for PK-3 students receiving SPED services.
2. Describe central concepts, tools of inquiry and structures of the subject matter disciplines for PK-3 students receiving SPED services.
3. Utilize formative and summative assessments, to determine, select, and implement effective instructional strategies for PK-3 students receiving SPED services..

Below is a timeline providing background information on the APC in SPED:

In March 2017 the APC in SPED was approved by the Council of Chief Academic Officers and the UH Board of Regents as meeting the criteria for a PK-12 SPED licensure program based on course content and clinical experience requirements.

In June 2017 HTSB approved the APC in SPED for PK-3/K-6/6-12 SPED as an Add a Field pathway for candidates who hold a license in any other field.

In September 2017 HTSB approved the APC in SPED for K-6/6-12 as an Initial Licensure program.

In January 2021 Leeward CC onboarded two SPED Early Childhood Adjunct Faculty, Lilian Rebamonte and Saint-Marie Gough, to serve as SPED Instructors and College Supervisors for the APC in SPED.

In March 2021 HTSB approved the 3+1 Bachelor's of Science in SPED as an initial licensure program for SPED PK-3. The 3+1 BS in SPED had already been approved as a SATEP for SPED K-6/6-12. Students complete 21cr. of the SPED-specific coursework at Leeward CC and an additional 9cr. at Chaminade University as well as the student teaching component.

In April 2021, Leeward CC's Campus Council identified a full-time SPED instructor as "Personnel Instructional Priority #1" for the 2021-2022 AY (see [*Institutional Priority 2A*](#)).

In August 2021, Leeward CC received approval to hire a [Full-Time Tenure Track 9-mo.Special Education Instructor](#)

TITLE: Revision of Requirements for Adding the Field of School Counselor to an Existing Hawaii License

The Hawaii Teacher Standards Board approves the policy below for adding the field of School Counselor to an existing Hawaii License.

Effective immediately, any individual adding the field of School Counselor K-6, 6-8, 6-12, or K-12 to an existing Hawaii teaching license must complete a state-approved Educator Preparation Program (EPP) in School Counseling and be recommended for licensure.

For HTSB approved EPPs, the individual must be on the EPP's completer list submitted to HTSB.

For individuals who completed a state-approved school counseling program in a state other than Hawaii, an approved HTSB Out-of-State EPP Completion Verification Form (LA3009) and other documentation verifying that all HTSB requirements have been met must be provided.

Any application to add this field submitted prior to the approval of this NBI, may be processed and approved under regulations existing prior to this date as long as applicants meet all requirements for adding the field.

The Board limits the option for adding the field of School Counselor based on the request by the HTSB Workgroup on School Counseling.

TITLE: The Hawaii Teacher Standards Board Plan to Accept Out-Of-State Completers in Accordance with Hawaii Revised Statutes

In the interest of ensuring quality teachers in Hawaii's P-12 schools, and in accordance with Hawaii Revised Statutes (HRS), the Hawaii Teacher Standards Board (HTSB) approves this NBI as HTSB's Plan to satisfy HRS §302A-802(2).

(2) Develop a plan to accept teachers from any state as long as they have completed state-approved teacher education programs and pass relevant Hawaii teacher examinations or their equivalent.

Below outlines HTSB's plan and requirements for any individual seeking a Provisional license in Hawaii who has completed an out-of-state educator preparation program and has not acquired a full license or certificate from a U.S. state, District of Columbia, or U.S. territory.

Effective immediately, HTSB requires that all completers of an educator preparation program which is approved in a state other than Hawaii, who seek licensure in Hawaii, submit the following documentation for review:

- Official transcripts of a baccalaureate degree from a regionally accredited institution or the equivalent from a non-U.S. institution;
 - A course-by-course evaluation from a member of the National Association for Credential Evaluation Services (www.naces.org) must be submitted for transcripts issued by a non-U.S. institution.
- Official transcripts of satisfactory completion of a state-approved teacher, librarian, or counselor educator preparation program
- Official passing scores for the following HTSB approved licensure tests:
 - Praxis Core Academic Skills for Educators in Reading, Writing, and Mathematics;
 - Praxis Principles of Learning and Teaching (PLT) for recommended grade level(s); and
 - Praxis content test(s)
 - Candidates who are seeking licensure in a World Language may submit HTSB passing score(s) from the American Council on the Teaching of Foreign Languages (ACTFL).
- Professional fitness clearance from HTSB; and
- A valid Government-issued ID as prescribed by HTSB policy

A Standard license may be issued if the applicant satisfies teaching experience requirements set forth in the Hawaii Administrative Rules (HAR), in addition to fulfilling the foregoing requirements for a Provisional license.
