Introduced January 19, 2018
Approved January 19, 2018

TITLE: University of Hawaii at Manoa Letter of Intent to Add the Hawaiian Fields to their Bachelor's of Education Elementary Educator Preparation Program

The Hawaii Teacher Standards Board accepts the Letter of Intent from the University of Hawaii at Manoa College of Education to add the existing license field of Hawaiian Language Immersion K-6 in its Master of Education in Teaching Program to its Bachelor of Education in Elementary Education educator preparation program.

The Executive Director or her designee will conduct a virtual program review after the program's report is submitted.

After Board approval, these programs may recommend candidates for the following additional license field:

Hawaiian Language Immersion K-6

As this field is also named Kaia'ōlelo-Kaiapuni Hawai'i K-6, the program may also use the new field name in recommending candidates.

A memorandum will be sent to the unit informing them of the Board's acceptance of the Letter of Intent.
