**TITLE: University of Hawaii at Manoa Letter of Intent to Add the Hawaiian Fields to their Bachelor's of Education Educator Secondary Preparation Program and Post-baccalaureate Program**

---

---

The Hawaii Teacher Standards Board accepts the Letter of Intent from the University of Hawaii at Manoa College of Education to add the existing license field of Hawaiian Language Immersion 6-12 in its Master of Education in Teaching Program to its Bachelor of Education in Secondary Education and Post-baccalaureate Program educator preparation programs.

The Executive Director or her designee will conduct a virtual program review after program's report is submitted.

After Board approval, these programs may recommend candidates for the following additional license field:

Hawaiian Language Immersion 6-12

As this field is also named Kaia'ōlelo-Kaiapuni Hawai'i 6-12, the program may also use the new field name in recommending candidates.

A memorandum will be sent to the unit informing them of the Board's acceptance of the Letter of Intent.
